

北京博兴远志科技有限公司

专业机器视觉光源生产商

公司简介

北京博兴远志科技有限公司

北京博兴远志科技有限公司致力于机器视觉（数字图像处理）相关的识别，定位及非接触精密测量，提供专业解决方案的机器视觉公司。公司拥有经验丰富的光源研发工程师、机械设计工程师、光学设计工程师，软件研发工程师。大胆创新，勇于探索，为客户提供一流的视觉产品。

公司拥有丰富的产品链：光源、相机、镜头、图像采集卡、自主研发的图像处理软件等。同时公司针对不同行业有着丰富的整套机器视觉解决方案，如：非接触性精密测量、材料应变分析，独立的光学设计能力，工业影像分析、精确制导导引头系列产品、航空显控信息装备系列产品和地面显控信息装备系列产品。

公司于2015年成功取得ISO9001质量管理体系证书，并获得多项软件著作权。

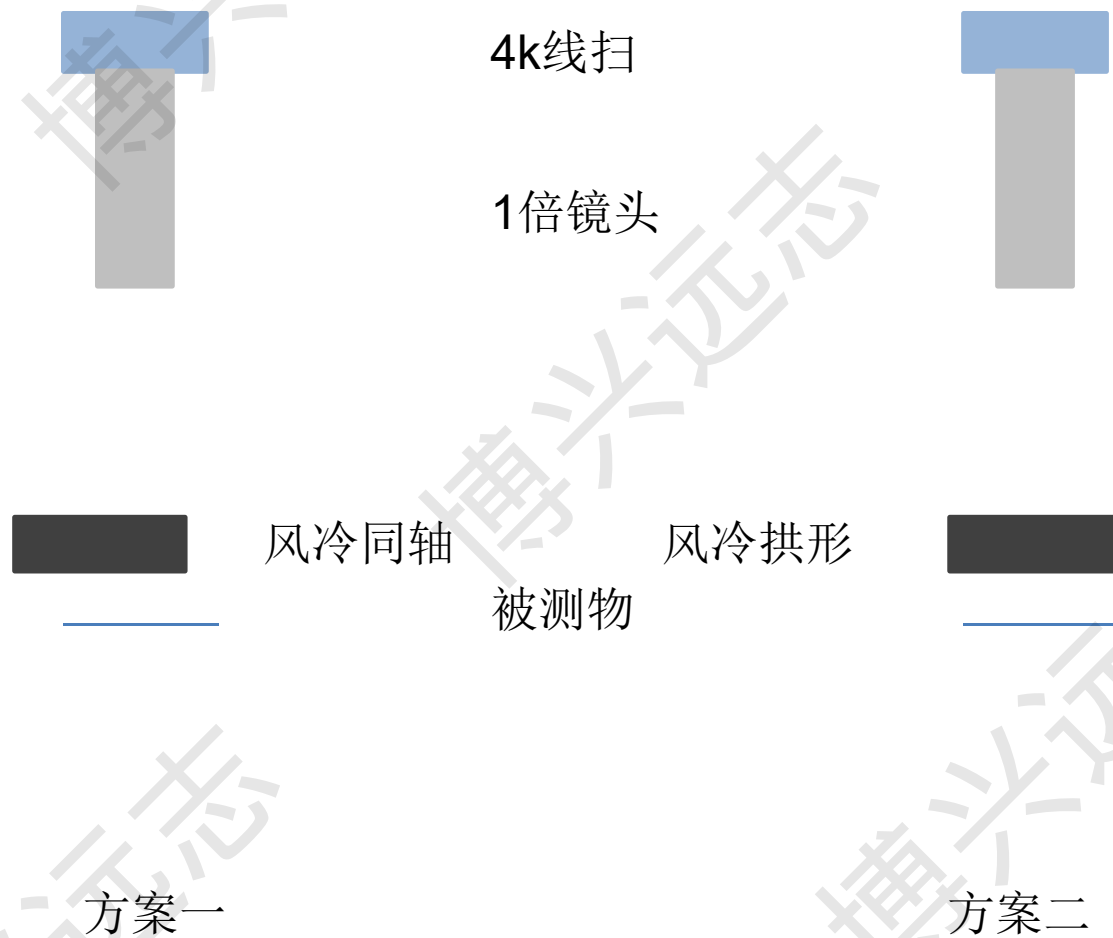

Beijing boxing-far view technology co., LTD. Is dedicated to machine vision (digital image processing) related identification, positioning and non-contact precision measurement, providing professional solutions to the machine vision company. The company has experienced light source research and development engineers, mechanical design engineers, optical design engineers, software development engineers. Bold innovation, dare to explore, provide customers with first-class visual products. The company has a rich product chain: light source, camera, lens, image acquisition card, independently developed image processing software. At the same time the company according to different industry has a wealth of the whole machine vision solutions, such as: non-contact precision measurement, material strain analysis, independent ability of optical design, industrial image analysis, precision guided seeker series products display control information, aviation equipment series products display control information and ground equipment series products. In 2015, the company successfully obtained the ISO9001 quality management system certificate, and obtained a number of software copyright.
